Area of Interest	Python Development Software Development Automation & Bots Frontend Development
------------------	--

Education	Bachelor of Engineering in Computer Science Dr.Mahalingam College of Engineering and Technology, Pollachi 2022-present CGPA - 9.2/10 HSC Vivek Vidyalaya Matric Higher Secondary School,Kinathukadavu May,2022 94% SSLC Vivek Vidyalaya Matric Higher Secondary School,Kinathukadavu March,2020 93%
-----------	---

Skills	Technical Skills:	Soft Skills:
	Programming Languages: Python(Primary),Java Bot Development & Automation: Python scripting, API handling, Basic Web Scraping Python Libraries: pandas, requests (basic) Databases: MySQL Web Development: HTML,CSS Version Controls: Github	Effective Communication Problem-Solving Team Collaboration Adaptability & Continuous Learning

Projects	AI – Powered Smart Forest Fire Detection Developed a CNN-based deep learning model to detect forest fire incidents from input data. Integrated Twilio API to send real-time SMS alerts for early fire warnings. Basic Movie Data Analysis Analyzed movie datasets to study rating trends over years. Used Python libraries such as Pandas, SQLite, and Matplotlib for data processing and visualization. AI-Based Smart Email Automation Bot using Python Developed a Python-based Smart Email Automation Bot that automatically reads, categorizes, and responds to emails using IMAP and SMTP protocols, demonstrating automation, text processing, and event-driven programming.
----------	---

Internships	THINKSOLV TECHNOLOGIES-Web Development Intern [Coimbatore] June-July 2024 Gained valuable experience in modern web development tools and framework.Learned about version controls. CODEALPHA-Frontend Development [Virtual] Jan 2025 Basic frontend projects (Calculator, Music Player, etc.)
